

ABOUT US

Specializing in Early Childhood Sports and Movement, our goal is to introduce the joy of constructive and delightful sports movement to the youngest members of our community through a dynamic multi-activity program.

Creating a positive attitude towards sports and physical activity at an early age is the key to a solid foundation in movement, which teaches and cultivates lifelong participation in sports and will improve le.

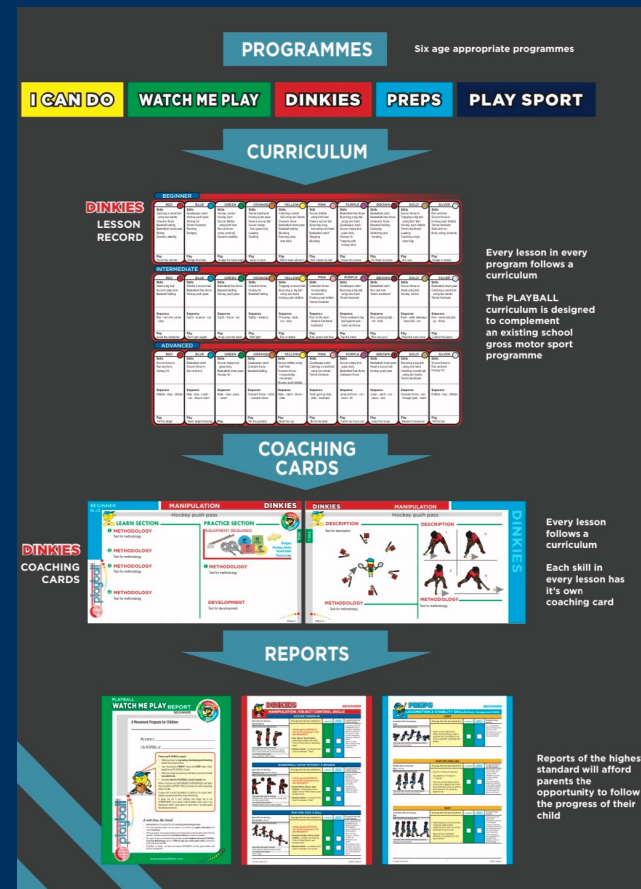

OUR MISSION STATEMENT

Using sport as the means, we give children a sound base from which to develop every aspect of their lives, Socially, Emotionally, Cognitively, and Physically

WHY YOUR SCHOOL NEEDS PLAYBALL!

At Playball, we don't just coach. We Educate!

Our age-specific lessons are designed for pupils to achieve age-appropriate milestones. Each of these programs has a year-long curriculum that follows the EYFS.

OUR CURRICULUM

Every program is curriculum-based. Every lesson in every program follows the curriculum. In ANY lesson, a teacher can ask the coach presenting the program to produce the Playball coaching Cards (Our coaching system) for the lesson that is being taught and see where it fits into the overall year plan (THE CURRICULUM)

COACHING METHODOLOGY

Playball programs do not deal with only one aspect of a child's development. Each program has a core value: a commitment to addressing the whole child, following a holistic approach, which recognizes that children have social, emotional, physical, and cognitive needs.
